**LOST FISHING GEAR
A TRAP FOR OUR OCEAN**

**8 MILLION TONNES
OF PLASTICS
GO INTO THE SEA EACH YEAR,
AMONG WHICH A LARGE
AMOUNT OF FISHING GEAR**

Eight million tonnes of plastics go into the ocean each year, among which consists of a large amount of lost fishing gear

93% of North Sea Fulmars
have plastic in their
stomachs

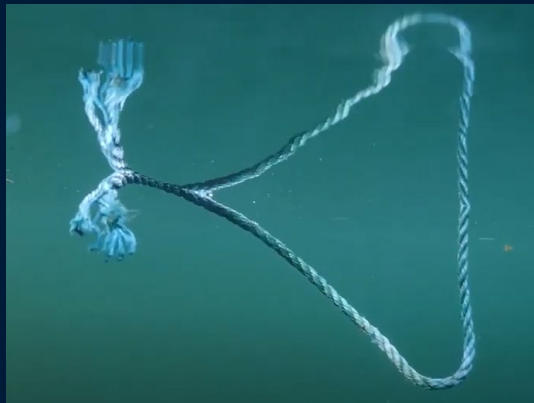

Over 90% of beach
litter is plastic

Fishing nets
and ropes
comprise
28% of
beach litter

Litter is widespread
on the seafloor
